Tribute pages

A tribute page is a lasting way to remember someone special. It is a personal online space where you, your family and friends can celebrate a life, share memories and collect donations in their name.

A lasting way to remember

A tribute page is a safe, central place to share memories, photos and stories, light virtual candles, and collect donations in support of Leukaemia Care.

We work with MuchLoved, a trusted tribute platform, to provide this service free of charge.

Create a tribute page today

What you can do on a tribute page

- Share photos, videos and stories that reflect your loved one's life
- Add details of the funeral of a loved one
- Invite friends and family to leave messages, share memories or light virtual candles
- Collect donations securely in support of Leukaemia Care
- See the total raised and the lasting impact your loved one is making
- Keep everything together as an enduring memorial you can return to at any time

Leukaemia Care Registered Charity Number 1183890. Scotland Registered Charity Number SC049802

How to set up your tribute page

1. Start your page online. We recommend using MuchLoved.
2. Add your personal touches. Upload photos, write a story, share memories and choose the look and feel.
3. Invite others to join in by sharing the page link with friends and family.
4. Collect donations securely and view them in real time.

Our In Memory Team is here to help if you would like support at any stage.

Why create a tribute page?

Families tell us that having a dedicated space helps them feel close to their loved one, even years later.

It can be a comforting place to return to on birthdays, anniversaries, or on days when you want to reflect.

We're here for you
