Order a collection tin

Raising funds for people affected by leukaemia is such a kind thing to do. Thank you.

Every day in the UK, 28 people hear the words, "You have leukaemia." The money you raise helps make sure no one faces that moment alone.

Collection tin agreement

By ordering a collection tin(s), you agree that:

- Leukaemia Care will not physically collect tins or money raised in tins.
- You are responsible for making sure 100% of the money raised reaches Leukaemia Care.
- You understand that for street or door to door collections licensed permission is needed.
- When you have finished fundraising, you will return the collection tins to us using the freepost address below.

Thinking of the environment

Being mindful of single-use plastic and in line with our environmental policy, we aim to reduce waste wherever we can. Our tins are reusable and can be used for many years if returned to us.

We also have cardboard collection boxes available. We may include these in your order instead of, or alongside, plastic tins.
