

# Counselling service

Living with leukaemia, MPNs or MDS can take a toll on your emotional wellbeing as well as your physical health. We know counselling is often hard to access, so we created the **Leukaemia Counselling Service** to give patients and families the chance to get the support they need.

## About the Counselling service

Through this service, you can apply for funding towards counselling. Sessions can be face-to-face, by phone, or online, and will be delivered by a qualified counsellor.

Any money will be paid directly to the approved counsellor.

We hope this service makes it easier to find emotional support at a time when waiting lists are long and demand is high.

## What the service offers

- **Funding of up to £420 per applicant which is paid directly to a counsellor.**
- **Sessions with counsellors registered with the counselling register.**
- **Relationship counselling through Relate (BACP-affiliated) if linked to your diagnosis.**
- **Flexibility: sessions can take place face-to-face, by phone, or via webcam.**
- **Available across the UK.**

Individuals are unable to apply to the counselling grant if they have received the grant previously.

## How to apply

The service is available year-round but funding is limited and allocated on a **first-come, first-served basis**.

## Testimonial

I found out about Leukaemia Care and their Counselling Service through St James's Hospital, and it was a total life saver! It's an excellent service and so easy to organise. It helped me to get all my thoughts out of my head and acknowledge them, and to not be so hard on myself. I think I was just plodding on and not addressing things, so it was useful to be able to talk to someone impartial.
